Image 3: Main page for registered transport partners

Two areas are marked in the above image of the main page.

**Area 1:** Navigation to call up various functions. The status monitor is particularly important for transportation partners. This provides an overview of all active orders.

**Area 2:** Information about the currently logged in user account. It is possible to change the language via the flag symbol.

## Status Monitor: Overview of all Active Orders

On the left side (area 1 in the image above) is the menu item status monitor. This leads to an overview of orders that have not yet received a final status message.

Image 4: Overview of all active orders in the status monitor

# Instruction for Transport Partners with Access Data/Login

## Status Feedback

Three areas are indicated in the above image of the status monitor.

**Area 1:** Entries for searches and restrictions of the result displays

**Area 2:** Display of active transport orders - you can click on a line to access the status input of a tour

**Area 3:** Grouping of orders by tour unloading date and status

The status monitor displays the active transport requests (area 2 in the image above) in tabular form.

**The table columns are as follows:**

Tour number	The unique number of a tour
Order number	The unique number of an order Multiple orders can be on one tour
Truck designation	
Loading day (Tour)	The day of loading for the truck tour
Shipper	Place of loading for the tour
Loading date	Concerns the order: Day of loading for the order
Recipient	Place of unloading for the order
Unloading tour	Concerns the order: Day of unloading for the order
Unloading day (Tour)	The day of unloading for the truck tour
Reference	A reference text entered by the customer that can be used for identification

## Order Overview

The screenshot shows the NOSTA Status Monitor interface. On the left, there's a sidebar with various links: 'NOSTA Web', 'NOSTA locations', 'Status Monitor' (which is highlighted with a red box), 'Change own user data', and 'Logout'. The main area has a yellow header with the NOSTA logo and 'Logistics to the point'. Below the header, there's a search bar with 'Tour number: 3823629' and three icons. The main content area displays a tour with the ID '49074 OSNABÜCK->33428 HARSEWINKEL'. Underneath the tour ID, there are two buttons: a green one labeled 'pickup' with a checkmark icon, and a white one labeled 'Handicap' with a crossed-out icon. The rest of the main area is blurred.

After clicking on an order line in the status monitor, the order to be processed opens.

# Instruction for Transport Partners with Access Data/Login

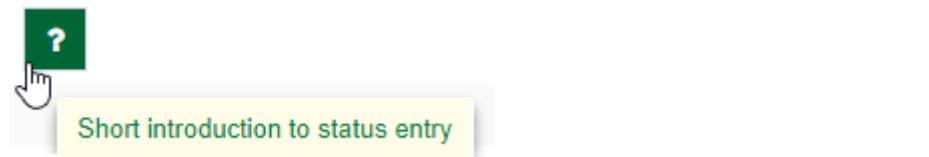

## Status Feedback

In the image above 4 fields are marked:

Pickup/Delivery	Note/Comment	Handikap	Status monitor
For recording a positive status, pickup/delivery without problems.	For the collection of clues e.g. more detailed information on refusal of acceptance.  <b>Does not replace the telephone message regarding delivery problems!</b>	For the recording of a problem case, for example incomplete papers, damage to the goods, refusal to accept...	To return to the status monitor.

A short explanation of the individual fields can also be called up at any time using the question mark symbol:

## Status Feedback

### Status „Pickup“

If the goods were taken over without obstacles, the loading is reported back via the field "pickup" > **Goods taken over properly**.
