NOSTA Warehousing

Warehousing Using Ladbergen as an Example

Our Service for You

- Location: 49549 Ladbergen, 1.5 kilometers to the A1 motorway
- Warehousing space 24.000 m², 34 gates
- Warehouse height 12 meters base-binder
- Capacity; optionally up to approx. 40.000 pallet spaces in CCG 1 + CCG 2 – standard, alternative block storage
- Compartmentalised shelving / storage of small parts possible according to customer requirements
- Space for value-added services (e.g. labelling, display construction, packaging)
- Sprinkling according to ESFR
- Storage of water hazard class 1 + 2 + 3 possible
- Use of flexible warehouse management system PSI, flexible connection with various customers' - WMS
- Own solar power generation: 0.6mw
- Building standard according to DGNB "silver"

We have a large, multi-user warehouse at the Ladbergen location, which is ideally suited to all standard B2B and B2C commercial logistics business models, for mail and other sectors.
